

September 2022

## **M.R.C.B. COVID-19 Safety Recommendations**

As of September 2022, there are no restrictions implemented by the B.C. Government for group gatherings. There is some risk to members of M.R.C.B. by meeting indoors for rehearsals ( even for those who are vaccinated ). The generation of aerosols from speaking and playing instruments adds another element of risk. We encourage members to determine their own level of comfort to attend rehearsals understanding that Covid has not disappeared.

The Public Health Covid 19 Guidelines for K-12 Schools are:

- Mask wearing is a personal choice
- Schools are encouraged to promote vaccines
- Stay home if sick
- Clean frequently touched surfaces once a day
- Practice diligent hand hygiene
